## Changes at GEA - Important Update

Dear GEA Customers, Suppliers and Partners,

We are making some changes to our organisational structure that will affect both GEA Process Engineering Pty Ltd and GEA Westfalia Separator Australia Pty Ltd.

The planned changes are as follows:

- **On 1 December 2025**, GEA Process Engineering will change its legal name to GEA Australia Pty Ltd. The ACN will remain the same.
- **On 1 January 2026**, all business of GEA Westfalia Separator Australia Pty Ltd will transfer to GEA Australia Pty Ltd – ACN 000 689 618.

To differentiate these two complementary but distinct sides of our business, they will trade separately as follows:

Current Trading Name	Current ACN	New Trading Name	New ACN	Note
GEA Process Engineering	000 689 618	<b>Nutrition Plant Engineering, a division of GEA Australia Pty Ltd</b>	<b>No change</b>	Formerly known as Liquid and Powder Technology Division.
GEA Westfalia Separator	006 947 235	<b>Pure Flow Processing, a division of GEA Australia Pty Ltd</b>	<b>000 689 618</b>	Formerly known as Separation and Flow Technology Division.

Operationally, please continue to engage with the GEA Team through the same channels you currently do. However, please be mindful that future orders or correspondence should be addressed to the correct divisions as described above.

**Please note that bank account details will remain the same in all respects as they are today, other than the name changes mentioned above.**

Should you have any questions please reach out to your local GEA contact.  
Thank you for your attention to this matter.

Yours Sincerely,

**Goran Erdevicki**  
Country Managing Director Australia & New Zealand
